5:00-6:00 PM
Reception

Alumni achievements are recognized through the Distinguished Achievement, Outstanding Service, Entrepreneurial Innovation, and Young Alumni Achievement Awards. Student achievement is recognized through awards in each of the departmental focus areas.

Graduate & undergraduate students present their latest results in the departmental focus areas:
• Signal Processing, Communications, and Controls
• Nanoelectronics, Electromagnetics, and Photonics
• Computer Engineering
• Biomedical Engineering
Senior Designed Capstone Projects are also showcased.
